

## ***“SENSITIZATION CUM AWARENESS PROGRAMME ON DENTAL CARE”***

***ORGANIZED IN THE COLLEGE ON 26-09-2016***

As part of students and staff welfare, a Sensitization cum Awareness Programme on Dental Care was organized on 26-09-2016 at 3.30-5.0 PM in the College of Fisheries, Central Agricultural University (Imphal), Lembucherra, Tripura. Dr. Sajal Nath, a renowned dental surgeon from Agartala, Tripura was invited to deliver a talk on this occasion. First of all invited resource person was facilitated with floral bouquet by Dr. Pramod Kumar Pandey, the Dean, COF, CAU(I). Further Dr. Pandey, welcomed the guest and all the participant staff and students of the college. He also elaborated the need and importance of this programme for the students and staff of the college.

*Glimpse of sensitization cum awareness programme on dental care (26-09-2016)*

In the beginning of the programme, it was nicely quoted by Dr. Sajal Nath that "OUR TEETH ARE GEMS" which needs utmost care. Dr. Nath, in his talk, highlighted common dental ailments, especially stressing on tooth decay and gum diseases and elaborated on the measures to be taken to prevent them. The surgeon also highlighted about the possible formation of harmful acid which is developed when bacteria get in contact with sugar in the mouth which ultimately results in tooth decay. It was mentioned by the Doctor that sugars are present in soft drinks, candies, chocolates which are harmful for the teeth. The students and staff were given ample opportunities to interact with the Doctor to enquire and gain knowledge concerning to oral diseases. After completion of the programme, Prof. J.R. Dhanze, Former Dean and Consultant, FAB-COE project proposed vote of thanks to Dr. Sajal Nath for rendering moral and selfless service, also to the Dean, College of Fisheries, Dr. A.D. Upadhyay, Assistant Professor (SS) and staff of medical unit for organizing such important programme in the College and at last he thanked one and all who attended this programme. It is believed that the programme will help one and all in maintaining good health.
