

PROGRAMME ON PERSONALITY DEVELOPMENT OF STUDENTS

A four days Personality Development Programme for students was inaugurated at the College of Fisheries, Central Agricultural University, Lembucherra, Tripura today, the 30th of January, 2016. The programme is organised by the Counselling and Placement Cell of the college. Shri Dilip Das, Sabhadipati, West Tripura Zilla Parishad graced the occasion as the Chief Guest. Dr. Pramod Pandey, Dean of the college emphasised the need for such programme for grooming the overall outlook and personality of the students of the college. Dr. S. Khogen Singh, Co-ordinator and Student Welfare Officer urged the students for active participation and extracting maximum benefits of this programme. The programme is structured for two batches of students (B.F.Sc. and M.F.Sc.) separately for two days each. Expert from the Professional private institute, the SMART Series, Bangalore, Mrs. Radha will be conducting the programme.

The programme is attended by 50 undergraduate and 42 post-graduate students of the college. The emphasis of the programme was to bring a fruitful change in the overall personality of the students for which will enable them to build a professional career. Various exercise oriented activities were organised during the programme such as achieving goals and aims in life, time management, communication and presentation skills, team building and collaboration, problem solving and decision making. The participating students expressed their positive feedback through this programme.
